# Temporary Residents Program

## Application form for an *Authority to Enrol*

### General information for all applicants

The Temporary Residents Program administers the enrolment of dependant temporary resident students in all New South Wales government schools. A temporary resident student is not permitted to enrol in any New South Wales government school for any period of time unless an *Authority to Enrol* has been issued to the school by the Temporary Residents Program. Some visa subclasses are required to pay fees. For detailed information regarding the current fee structure and enrolment procedures, please visit our website or contact our office using the details below.

The Temporary Residents Program Application Form for an *Authority to Enrol* must be completed for each temporary resident student applying for enrolment in a NSW government school. All sections of the application form must be completed in English. Once the application is processed and fees paid if applicable, you will be notified in writing that an *Authority to Enrol* has been issued to the New South Wales government school that your child will be attending. In addition, you will be required to complete the general *Application to Enrol in a NSW Government School*. The general application is available from your local public school.

Please refer to the appropriate checklist on **page 2** of this application form to ensure that you have provided all the required documentation. Incomplete applications submitted to the Temporary Residents Program may result in delays to the student's application for enrolment. If you are in a fee liable category, your child will not be enrolled until the fees are paid.

During the child's enrolment at school, failure to pay the relevant fees at any time may mean that your child's enrolment will be terminated and action for recovery of outstanding fees pursued against you.

The Temporary Residents Program is not for individual students or groups of students who will attend school on an advertised tour or program. Student groups must be arranged through the *Study Tour Program*. Individual students holding or applying for a 571P international student visa must apply for enrolment through the *International Students Program*.

### Additional information for visitor visa (tourist visa) applicants

Visitors to Australia who wish to study at a New South Wales government school must make an application through the

Temporary Residents Program. Visitor visa holders, including those with multiple entry visas may enrol for a maximum period of 13 school weeks. Enrolments are at the principal's discretion. Visitor visa students are expected to reside with their parents or with direct relatives.

The application process for visitor visa holders can only commence once the student has arrived in Australia. Visitor visa holders are liable to pay the visitor rate of the temporary resident's fee. In the event of early withdrawal, visitor visa holders will not be entitled to a refund of fees paid. For detailed information regarding the current fee structure and enrolment procedures, please visit our website or contact our office using the details below.

### Additional information for dependants of international student applicants

Dependant student visa applicants require evidence of school arrangements to obtain a dependant student visa from the Australian Department of Immigration and Border Protection (DIBP). Subject to the completion of all documentation and payment requirements, a *Confirmation of Placement* document will be issued to the applicant by the Temporary Residents Program.

Dependants of international student visa holders who are applying offshore do not need to arrange for Section B to be completed on this initial application. For detailed information regarding the current fee structure and enrolment procedures, please visit our website or contact our office using the details below.
